

GERAINT THOMAS

Autosmart Franchisee - Pontypridd

Geraint Thomas had worked as a salesman, selling vehicle-cleaning products for 14 years. He always wondered whether the grass was greener elsewhere. When he saw the Autosmart franchise advertised, he realised that it was the perfect opportunity to be his own boss, to get out and about with work, meet new people and earn more money.

Geraint's hard work and determination to succeed has meant that he's nearly trebled his sales and his income since starting in October 2005. Autosmart products are top quality", said Geraint. "All sorts of businesses use them - garages, car washes and car leasing companies to name just a few".

Would Geraint recommend an Autosmart franchise? "Definitely! I'd make the same decision again. It's hard-work but the rewards are there – work hard, and you're bound to succeed."
